8.regular meal	<b>A</b>
9.location of remaining fish n' chips shops	<b>E</b>
10.there are now less shops	<b>D</b>

#### **Task 4**

Dear Pat,

I am writing this email to tell you that I have just taken up a new hobby, which is cooking foreign food. You know how much I love travelling. I have been to a few foreign countries, and I would like to travel to many more. I always tasted the local specialities of the countries I visited. I thought it would be a good idea to cook these dishes at home as well. I can find their recipes on the Internet, and buy all the necessary ingredients in the supermarket near my home.

Let me invite you to visit me at my place next Saturday. We can bake my favourite cake, Lamington together.

I am looking forward to hearing from you soon.

Best,

Tom

#### **Task 5**

Sports team

I have just read this blog about sports teams. I think playing in a team has its advantages and disadvantages.

I played basketball for two years. I really enjoyed it because I learned how to work together with teammates. It is a useful skill, which you can use later in your life. It is also important to be patient both with others and yourself. The most important factor that makes a good team is cooperation. You also have to learn not to blame the other players all the time if you lose a game.

You can become a successful sportsperson if you are hardworking and determined enough. I am afraid I don't have these skills but working on developing them.
